Putting the E-Class in the bigger picture: the 18" 5-spoke **incenio** designer wheel "Mekbuda".

Lift this flap for more big ideas.

9" 18"

And the best bit is that **incenio** designer wheels are also available in imposing sizes, designed to help your Mercedes-Benz make a truly grand entrance.

Wheels with the star logo are named after actual stars: each has a celestial counterpart. It seemed only natural – **incenio** designer wheels are, after all, shining examples of sparkling design.

It's just that the stars in the sky get to be a few billion years older. Some of them anyway.

Ask your Mercedes-Benz dealer for the latest "Mercedes-Benz light-alloy wheels" brochures.

Please note: changes may have been made to the products since this publication went to press (01.04.2006). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown, owing to the limitations of the printing process. This publication has been compiled by DaimlerChrysler AG of Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras and/or colours available in various countries. Some of the models, features, optional extras and/or colours shown may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras and/or colours may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras and/or colours available in your country, and their pricing, you should contact your nearest authorised Mercedes-Benz Passenger Car Dealer.

Big ideas for your Mercedes-Benz

Mercedes-Benz

True stature is measured in inches

The 18, 19 and 20-inch designer wheels from Mercedes-Benz

20"

Special wheel designs help give your car a distinctive character. After all, Mercedes-Benz drivers are, by definition, people who prefer the special things in life.

The **incenio** designer wheels from Mercedes-Benz represent the stars of the wheel firmament. Their sparklingly succinct forms were specially developed by our designers for your car.
